LET IT OUT by: Aaron Benward

I know what you're thinking
That sometimes it's so hard to show
Your heart amidst the dark
And say you are a Christian
But if it's real, and it burns within
There's no way to keep it in
So don't keep it in.

CHORUS:

Shine like starlight
Let your faith be known
Roar like thunder
Through a megaphone
Cover ground like a funnel cloud
Tell the world what you're about
It's in you
Just let it, let it out!

We've only got a lifetime
Surely it would be a crime
To pass them by 'cause you were shy
They need a lifeline
So be strong and don't back down
You've got a flame that can't blow out
So get noisy, get loud

CHORUS:

Speak the truth in love. (echo)
Speak the truth in love. (echo)
But if it's real, and it burns within
There's no way to keep it in
So don't keep it in, don't keep it in,
Don't keep it in!

CHORUS:

Shine like starlight
Let your faith be known
Roar like thunder
Through a megaphone
Cover ground like a funnel cloud
Tell the world what you're about
It's in you
Just let it,
let it.
It's in you
Just let it,
let it.
It's in you
Just let it.

Let it, out!
Just let it, let it.
Just let it, let it.
Just let it.
Let it, out!
