When I Praise By FFH
Music by Jeromy Diebler

Lookin' for love and I lost my way
Another long night has turned to day
Nobody likes to feel this way
So I draw close to You
It's what I'm supposed to do

Lookin' for love and I close my eyes
I run to You with no disguise
You hold me close and say "it's fine"
You take me in Yo ur arms
And You soothe this heart of mine

Chorus:

And I throw my hands up in the air
Here's my heart 'cause I don't care-
What they say about me, I gotta praise
I throw my hands up in the air
And I know that You will find me there
Find me when I praise

Lookin' for love and I hide my face (echo all)
What about the scars and disgrace
(echo) Should I hide my disgrace
But You meet me here in spite of my shame
Your blood covers it all
And You carry me away

Chorus:

And I throw my hands up in the air
Here's my heart 'cause I don't care-
What they say about me, I gotta praise
I throw my hands up in the air
And I know that You will find me there
Find me when I praise
My heart is on my sleeve and I am on my knees

And my hands are in the air, oh yea
And it's hard to believe that I am on my knees
With my hands in the air, oh yea
And You come close beside me
And You say You're here to guide me
I don't ever have to be alone
And Your love has lead me home

Lookin' for love and I found my way
(whisper echo)
I ran to You and I heard You say
(whisper echo)
Everything's gonna be OK
I don't have to wait another day

Chorus:

And I throw my hands up in the air
Here's my heart 'cause I don't care-
What they say about me, I gotta praise
I throw my hands up in the air
And I know that You will find me there
My hands are in the air

Here's my heart 'cause I don't care-
What they say about me, I gotta praise
My hands are in the air
And I know that You will find me there
Find me when I praise

Lookin' for love and I lost my way (echo)
Another long night has turned to day (echo)
Nobody likes to feel this way
